

FOR IMMEDIATE RELEASE

Registration Opens for 2026 Susan G. Komen Hawai'i MORE THAN PINK Walk®

Community invited to unite in support of those impacted by breast cancer while raising critical funds for patient care, research and hope.

HONOLULU – July 14, 2026 – Registration is now open for the Susan G. Komen 2026 Hawai'i MORE THAN PINK Walk®, taking place on Sunday, October 11, 2026, at Kapiolani Park. The annual event brings together survivors, those living with metastatic breast cancer, caregivers, families, friends and community partners in one of Hawai'i's largest celebrations of hope and action against breast cancer.

"Every day, individuals and families across Hawai'i hear the words, 'You have breast cancer.' No one should face that journey alone," said Rolanda Morgan, executive director of Susan G. Komen, Hawai'i.

Funds raised through the MORE THAN PINK Walk support Susan G. Komen's mission to save lives by improving breast health, helping patients navigate treatment, funding breakthrough research and advocating for better access to high-quality care. Funds raised help ensure that individuals facing breast cancer can connect with trusted resources through Komen's Patient Care Center, including personalized navigation, financial assistance, education and support throughout every stage of their breast cancer journey.

"This walk is about so much more than the miles we travel together," said Morgan. "Every person who registers, every dollar raised and every team that comes together helps someone facing breast cancer receive the care, information and hope they deserve. While we've made extraordinary progress against the disease, our work is far from finished. Together, we're building a future where no one has to face a breast cancer alone – and where one day, breast cancer no longer threatens the people we love."

Since its founding in 1982, Susan G. Komen has invested more than \$1.1 billion in breast cancer research while helping drive thousands of scientific discoveries that have transformed diagnosis, treatment and survivorship. Today, Komen remains the world's leading nonprofit organization dedicated solely to breast cancer, combining research, advocacy, patient support and education to improve outcomes for people everywhere.

Community members are encouraged to participate as individuals, families, workplaces, schools, community organizations and teams of friends. Registration is free, and participants are invited to fundraise in support of Komen's mission. The event aims to raise \$280,000 to support Komen's mission.

Participants who raise \$100 or more by September 13, will receive a commemorative Walk T-shirt before Walk Day. Registered breast cancer survivors and those living with metastatic

breast cancer will receive an official event T-shirt regardless of fundraising level

Those unable to attend in Honolulu – including participants on the Neighbor Islands – are encouraged to participate virtually by walking in their own communities with family, friends and supporters while remaining connected to Hawai'i's statewide movement against breast cancer.
